FCC - MAILROOM

May 4, 2003

Dear Commissioner Copps, Distribution Center

I greatly appreciate your strong stance and eloquent commentary over these past months regarding the impending FCC media ownership rules revision event, expected in early June 2003. I regard you as a heroic voice of caution and reason, a champion of the constitution and free speech, and an admirable upholder of our most basic democratic rights and freedoms.

I have sent the following letter to the FCC ECF and to your fellow commissioners.

Thank you very much again for your monumental and courageous efforts!

Jim Likowski

Dear Commissioner _____,

I fully support FCC Commissioner Michael Copps' position in the debate regarding the upcoming Commission vote on media ownership rules. I encourage you to fully accommodate the views of Mr. Copps, without exception.

I have no admiration whatsoever for Chairman Powell's stubborn reluctance, to date, to provide Congress -- and the American public -- due time and detailed information with which to fully review and comment upon his impending FCC media ownership rules revision proposal. I believe this reluctance is, sadly, contrary to the core values of this nation, an abuse of power, and an insult to the American ideals of freedom of speech and democracy.

Sincerely,

Jim Likowski
